Expired Safety Audits

Australian Sailing Safety Audits completed for the 2018-2019 season expired on June 30, 2019. For all MHYC Category 7 Inshore races between July 1 and August 31, 2019, complete Safety Audits forms for 2018-2019 will be accepted. Responsibility remains with the boat owner to ensure that the yacht continues to comply with the Safety Category requirements, that all safety equipment is compliant and in serviceable condition, and that the yacht is currently registered and insured.
