

Notice to Competitors

NTC-2025-11-26-1

Pacific Rigging Wednesday Non-Spinnaker Race

We are currently monitoring an approaching storm cell which is expected to arrive shortly before the start time of today's race. Strong gusts have already been recorded on the Harbour.

The Answering Pennant (Race Signal AP) is now displayed at the Start Box.

We will continue to monitor conditions once the system has passed and will hopefully proceed with a delayed start for the race.

Competitors are advised to remain in the marina / on moorings until the AP is removed. The attention signal will not be made earlier than 10 minutes after the AP is removed.
